

DW-AS-509-M12-390

Application Type	Analog
Rated operating distance sn	6 mm
Mounting	Quasi-embeddable
Hysteresis	–
Repeat accuracy norm	≤ 5 % sr
Supply voltage range UB	15 ... 30 VDC
Permissible ripple content	≤ 20 % UB
No-load supply current	≤ 10 mA
LED	–
Ambient temperature range TA	–25 ... +70 °C
Ambient temperature range TA US	–13 ... +158 °F
Temperature drift of sr	≤ 5 % (0 ... +70 °C) / ≤ 10 % (–25 ... 0 °C)
Short-circuit protection	built-in
Polarity reversal protection	Built-in
Power on reset	Built-in
Degree of protection	IP 67
Housing material	Chrome-plated brass
Connection	Connector S12
